Subject: KAISER PERMANENTE LAMC 2016 COMMUNITY BENEFIT GRANT PROGRAM NOW OPEN -- DEADLINE 2:00 PM MONDAY APRIL 4, 2016

FOR COMMUNITY WIDE RELEASE. PLEASE SHARE BROADLY.

Dear Community Partners,

We are happy to announce that our 2016 Kaiser Permanente Los Angeles Medical Center (LAMC) Community Benefit Grant Program is now open!

Using the links below you will find information on the Kaiser Permanente LAMC Medical Center 2016 Community Benefit Grant Inquiry process. Grant inquires deadline is 2:00 pm on Monday, April 4, 2016. Late or incomplete grant inquiries are not accepted.

Funding Priority Needs:

Kaiser Permanente LAMC Community Benefit grant program provides financial support to eligible nonprofit health and human services organizations, and government entities with an emphasis on providing direct programs and services for underserved populations within LAMC's service area.

LAMC's Community Benefit Funding Priority needs are:

- * Access to Health Care: Increase access to direct health care services for the un/underinsured and at-risk populations in LAMC's Service Area. Special consideration will be given to programs and services targeting at-risk populations not eligible for health coverage, and homeless individuals and families living areas of high need and low resource capacity.
- * Prevention and Management of Pediatric Obesity/Diabetes Prevention: Increase access to direct programs and services focusing on the prevention and management of pediatric obesity/overweight and diabetes among un/underinsured, at-risk youth (under the age of 18) in LAMC's Service Area.
- * Prevention and Management of Adult Hypertension, Cholesterol, and Cardiovascular Disease: Increase access to direct programs and services that prevent and manage hypertension, cholesterol, and cardiovascular disease among the un/underinsured adults (over the age of 18) in LAMC's Service Area.
- * Early Detection, Prevention and Management of Mental Health Illness: Increase access to direct programs and services focusing on the early detection, prevention, and management of mental health illness among the un/underinsured and at-risk populations in LAMC's Service Area.

Please review these priorities carefully to assess the alignment between your organization's programs and services and Kaiser Permanente LAMC's funding priorities before considering submitting a grant inquiry. LAMC's Community Benefit Grant Program is highly competitive and only those grant inquiries determined to best respond and address the funding priorities will be considered for funding support.

The average grant size is about \$10,000 with ranges from \$5,000-\$25,000. All proposed grant inquiries must be programs and services with a mix of funding/revenue sources to ensure program delivery and sustainability. LAMC does not fund start-up or programs solely relying on its funding.

We ask that you please review the eligibility guidelines carefully to assess the potential fit between your organization's objectives and Kaiser Permanente's funding priorities before submitting a proposal.
